ST. LOUIS TRADE LEADERS TO COME

MARYVILLE HOST, MAY 11, TO 100 BUSINESS MEN.

BOOSTERS TO VISIT THE RETAILERS HERE

Excursionists Also Will Make Half-Hour Stop at Burlington Junction —To Bring 12-Piece Band.

Maryville will be the host to 100 business men of St. Louis next Tuesday afternoon, while the St. Louis boosters are on a special trade extension through northern Missouri and Southern Iowa, according to advices given out to the Democrat-Forum by Robert E. Lee, trip manager, and secretary of the Business Men's League of St. Louis.

The special train will arrive in Maryville at 2:05 p. m. and remain until 3:05 p. m. next Tuesday, May 11. They are coming on a trade extension trip to get acquainted with the merchants of this city. They will come via the Wabash

They will be accompanied by Seymour's military band of 12 pieces and march uptown. The band will visit a concert while the touristswill visit the merchants in this city in their stores.

Among the tourists will be representatives of every leading business house in St. Louis, including wholesale dry goods, shoe manufacturers, hat wholesalers, wire rope manufacturers, banks millinery jobbers, and many other important lines of business.

To Carry Band and aBrber.

The special train will be out of St. Louis for six days beginning Monday, May 10. It will consist of a dining car, three sleepers and an observation car. The trade boosters will live on the train, eating their meals there and sleeping in the Pullman cars. In addition to the band, a barber will be carried along to keep the men looking trim.

The train will have telephone service from car to car and at many of the stops arrangements have been made for getting connection with the long distance into St. Louis in case any of the men want to telephone to their houses or to their families.

There will also be representatives of the leading newspapers of St. Louis with the party and the towns visited will get a great amount of publicity through the excursion.

Commercial Club to be Host.

Following this announcement, the executive committee of the Commercial Club met at noon today, in regular session, to consider the matter and to make arrangements for receiving and entertaining the St. Louis business men while they are in the city. As it is the principal aim of the excursionists to visit the business men, the club members will especially aid the visitors towards getting acquainted with the trade here.

It was decided, however, to meet the visitors at the Wabash station, bring them uptown and later escort them back to the train.

The towns to be visited the first day Monday, May 10, are Louisiana, Hannibal, Palmyra, Monroe City, Shelbina, Clarence, Macon, Bevier, Brookfield, Chillicothe. The towns to be visited the second day are Chillicothe, Gallatin, Pattonsburg, Stanberry, Maryville, Burlington Junction, Blanchard, Coin and Shenandoah and Red Oak, Iowa.

Visit Burlington Junction.

Maryville and Burlington Junction will be the only towns in Nodaway county that will be visited. They will be in Burlington Junction from 3:30

The remaining three days of the trip will be spent in southern and southeastern Iowa. The final visit will be at the Keokuk dam at Keokuk, Ia. They are due to return to St. Louis at 7:30 p. m., Saturday, May 15.

Mrs. Frank Tarpley went to Quitman yesterday to spend a few days visiting her parents, Mr. and Mrs. S. S. Wolcott.

Mrs. D. M. Hughes and her mother, Mrs. Clayton, returned last night from a few days visit at Burlington Junction.

WHO LOST SADDLE, HARNESS?

Officers Take in Harry Friel—Sells Goods for $5—Says He Was Agent.

Sheriff Edwin Wallace and Chief of Police E. C. Moberly are in a quandary They have the goods and the man, but the owner of the goods, is an unfound quantity yet. Saturday night a man giving his name as Harry Friel of West Virginia raising, sold a new saddle and a practically new set of single driving harness at Wadley's harness shop for $5.

Wadley immediately suspected something was wrong and notified Maryville's Sherlock Holmes. They took a bird's eye view of the goods and then took up the salesman. He said the harness and saddle were given to him by a stranger Saturday, with the request that he sell them for him. Friel says he had no part in the transaction except as an agent and did not steal the goods.

The officers are inclined to believe the articles were stolen but have not been able to find the owner.

IMPROVE LINCOLN BRIDGES

Set Aside $5,000 for Permanent Work in South Part of Township—Begin Today.

The Lincoln township board at its last meeting decided to begin work in Eugene Humphrey's district, which is in the southeast and south part of the township, says the Elmo Post.

They set aside $5,000 for emergencies, and to pay overhead expenses. The balance will be apportioned among the districts in proportion to their assessed valuation, leaving about $4,000 more or less for each district. It is not expected that all the money will be spent now, but as soon as the township is gone over, then the surplus, if any, will be divided again.

Mr. Humphrey's district will get $3,200 as a starter, and more later if there is any left. It is not believed that the money available will build near all the culverts, but it will fix the worst places, and the other places can be fixed as more funds are available.

John Clary is in charge of the work and will have two crews at work under experienced foremen.

There are eighty-three bridges and culverts needed in district No. 4, overseen by Eugene Humphrey. The work there was begun today. The forms and mixers for the culverts used in the Polk township work were sent to Lincoln township Saturday. The construction foremen are C. W. Hildreth and W. E. Gleckler.

WORK ON ELMO LODGE HALL.

Brick and Lumber on Ground for Masonic Building—Lincoln Bent in Charge.

The actual rebuilding of the two-story Masonic building at Elmo, burned last winter, will be begun in a few days, according to E. T. Bailey of Elmo, who was in Maryville today, attending county court. The brick and lumber is now on the ground. Lincoln Bent of Maryville is constructing the building.

It will be necessary to rebuild the front and rear brick walls, but not those of the sides, it is said. It will be of the same dimensions as the old one, but probably a few feet less in height, though two stories. The leasing of the lower floor is being arranged. The lodge will use the upper floor.

FINISH NODAWAY BRIDGE SOON.

County Span Between Clearmont and Elmo Will Be Finished Thursday.

The 108-foot steel bridge to span the Nodaway river drainage ditch between Clearmont and Elmo will be ready for traffic after Thursday, according to announcement of the constructors. The steel and concrete pillars are in, the steel framework in place and the bracing is now being riveted, E. T. Bailey of Elmo, a member of the county court, said this morning.

Only the bracing need be put on, the floor laid and the approaches finished yet to entirely complete the structure.

Returned from Winter Visit.

Col. J. T. Hughes returned Saturday night from a four months visit at Punta Gorda, Fla. He reports having a good time, but that fishing this year was not as good as on his former visit.

HITS SOCIAL LIFE

FIRST METHODIST EVANGELIST SCORES WORLDLY AMUSEMENTS.

"CHURCHES TOO BROAD"

The Rev. Thurston B. Price Will Continue Series of Sermons on Modern Society Tonight.

Evangelist Price's Sermonettes.

"The one great hope of the church is the rising generation, not the middle-aged or elderly."

"Some churches have become so 'broad' that you can see through them."

"The blackest and most damning curses of America are the moderate whisky drinkers or tipplers—not to themselves so much as to those young men who come under their influence"

"Show me what it takes to amuse you and I will tell your size right quick."

"A mammy that can't finish her own daughter without sending her away to a 'finishing school' when she has a college education is a mighty poor mammy."

"The way they dance nowadays you couldn't drive a thin bladed knife between them"

The dance, modern drama, gambling, card playing, drink, and present day women's dress all came in for a strong denunciation and scoring at the hands of Evangelist Thurston B. Price in the First Methodist church revival last night. It was hurled at a full house, too—not less than 1,000 of them. The battle is not yet over, either, if the sermon topic announced for tonight is indication of the contents—"The Devil to Pay in Maryville Social Circles."

Beginning this afternoon regular afternoon services also will be held in addition to the night services. Tomorrow afternoon Evangelist Price will deliver a sermon specifically for women and girls on "The Wonderful Power of a Woman's Influence." The sermons this afternoon, tonight and tomorrow afternoon will be a series, each connected.

Begin With Sunday School.

The text of the sermon yesterday morning was "Thou art weighed in the balances and found wanting," the subject of the sermon being "The Parents' Obligation to the Child."

Mr. Price said that the one hope of the church of America lies in reaching the boys and girls. "The one great hope is to be in the rising generation. Eighty-five per cent of all the boys and girls that come into our Sunday schools and go out of them, that 85 per cent is lost to the church. Right on the other hand, almost the same 85 per cent of the membership of the church are recruited from that little 15 per cent that we do hold.

In connection with his discussion of card playing, and the people who say that "the Methodist church is getting broad" in tolerating such things, Mr. Price said that a church that was broad enough to countenance that had "spread out in some places until it is so everlasting thin you can see through it."

Mr. Price very strongly advocated the introduction of the family altar in the home, and urged the mother and father to pray with the girls and boys of their home, as well as for them.

Mr. Guice's solo last night was "The Ninety and Nine." The subject of the sermon lecture was "The Plea of Insanity," and Mr. Price took as his text "Father, forgive them, for they know not what they do."

They Know Not What They Do.

Mr. Price said.

"Men all down through the ages have been seeking to get behind that statement as a shelter. All down through the years men and women have been seeking to avoid the consequences of guilt by the denial of harmful intent. In other words my subject tonight, that of the plea of insanity, does not specially belong to the court room.

"The plea of insanity has been found in every-day life. Practically every day of our life finds the plea of insanity being entered in an effort to avoid the consequences of guilt by a flat denial of any harmful intention. Now, when it comes to the study of social conditions, no man ever puts his hand on the great sore spots in the social life of the city without somebody making a decided howl about it.

"Just as long as we preachers will preach along just ordinary lines, so long as we preachers just preach along on the general principles of Christianity from a negative standpoint, everybody is delighted. But

FINE GRANT CITY MAN $250.

Ora Gentry Drove Car Negligently, Causing Iowa Girl's Death.

Ora Gentry, the young man from Grant City, Mo., who piloted the ill-fated automobile that overturned November 22, 1914, resulting in the death of Miss Alice Patrick of Blockton, has paid a fine of $250 and the costs in the district court. He pleaded guilty to the indictment charging him with negligently running an automobile contrary to law. The fine was imposed by Judge Thomas L. Maxwell.

The automobile driven by Gentry was not his own, but belonged to a friends, and he took it to Patrick's residence and requested the Patrick daughters to go driving with him. Miss Alice Patrick came home while he was there and consented to go. Witnesses testified that he did not have good control of the car. It overturned on the hill west of Blockton.—Bedford (Ia.) SINK SWEDE SHIP

TIMBER LADEN STEAMER ELLIDA GERMAN TORPEDO VICTIM.

SAVE ALL ON BOARD

Sixteen Men and Two Women Escaped in Small Boat—Vessel Went Down Within 3 Minutes.

By American Press.

London, May 3.—The Exchange Telegraph company has received a dispatch from its correspondent at Copenhagen saying that the Swedish steamer Ellida, laden with timber, and bound from Helsingborg to Hull, England, has been torpedoed in the North sea by a German submarine.

The steamer Ellida went to the bottom in less than three minutes after being torpedoed. The sixteen men and two women aboard the ship escaped in a small boat.

THE WANDERING BOY RETURNS.

Cecil Smith, 14, Missing Since April 6, Comes Back of Own Accord.

After wandering through the central west for more than three weeks, or since April 6, Cecil Smith, the 14-year-old son of Mr. and Mrs. Fred Smith, returned home voluntarily Saturday, after a vain wide search had been made by the parents and an attorney employed by the parents.

The boy "took in" Chicago, St. Louis, Omaha, Kansas City and a host of smaller burgs while on the road.

LEAVES ESTATE TO WIFE.

John H. Thompson, Burlington Junction, Also Names Her as Executrix.

The will of John H. Thompson, who died recently at Burlington Junction, filed in probate court today, leaves all personal property and an 80-acre farm to his wife, Mary J. Thompson until her death or remarriage. The property is then to revert to the seven children. The wife also is named as executrix. The will was made in 1896

MANY BID FOR DEPOSIT

Seven Nodaway Banks Seek County Balance—Let Township Over-Levy Remain.

The regular monthly meeting of the county court began this morning to consider routine business and also some special work. One will be to levy county taxes, and to examine township levies. The contract for the deposit of county funds for the next two years also is to be considered at this meeting. Bids must be in today.

The Farmers Trust company of this city was selected as the county depository for the coming two years by the county court this afternoon. Its bid was 4 1-8 per cent interest. Several other banks of this city and Guilford and Barnard had bids. They were:

First National bank, Maryville, 2½ per cent.

Real Estate bank, Maryville, 3¼ per cent.

Nodaway Valley bank, Maryville, 3½ per cent.

Bank of Guilford, Guilford, for one-fourth of county funds bid 4⅛ per cent; one-half of county funds, 4¼; for three-fourths of county funds, 4⅜; for all, 4½c.

Farmers and Citizens bank of Barnard, 3½c for one-fourth of county funds.

Citizens bank of Guilford, 4 per cent for one-fourth of county funds.

The Farmers Trust company was the county depository for the last two years, the county funds receiving 3 per cent interest.

No Action on Township Levy.

A delegation from Burlington Junction appeared before the court in regard to a tax levy made by the Nodaway township board of 10 cents, 25 cents and 15 cents, which is said to be 15 cents more than is legal. The court decided it had no jurisdiction in the matter, however.

A delegation from Washington township was present to seek bridges for that township. The party included Judge J. O. Thompson, Carl Wray, W. J. Beggs, J. V. Pugh and W. E. Brittain, members of the township board; John A. Martin, Rev. L. M. Kirby and D. C. McGee.

The petition presented last month for the transfer of a quarter-mile strip from the north side of Washington township to Jefferson township will not come up at this term of court, as the change could not be made now, as the tax books have already been run for these townships.

MRS. M'MASTER, 75, DIES.

Funeral Services for Hopkins Resident to Be Held Tomorrow.

Mrs. Sarah McMaster, 75 years old, the widow of the late John C. McMaster, died at 3 o'clock Saturday afternoon at the McMaster home, near Hopkins.

Mrs. McMaster had been ill for many months, suffering with cancer of the pancreas. She was born May 23, 1840, in Indiana, and came to Nodaway county when a young woman. Her husband died twelve years ago. She is survived by thirteen children. They are W. D., J. A., George, Jerome and Sarah McMaster, living near Hopkins; Abram McMaster of Alabama, Charles and Amos McMaster and Mrs. Mary Beecham of Idaho; Arthur McMaster of Meadville, Mo.; Mrs. Martha George of Montana, Mrs. Alta Jackson of Kansas, and Harmon McMaster of Louisiana, Mo. She also leaves one adopted son, Russell McMaster, and one brother, Kellar Thompson, of Hopkins. Three children are deceased, Noble McMaster, who died several years ago, one child who died in infancy, and a daughter, Mrs. Dora Stewart, who died about a year ago.

The funeral services will be held at 2 o'clock Tuesday afternoon at the Union Baptist church, conducted by the Rev. D. W. Griffith. The burial will be made in the Hopkins cemetery.

SUES TO RECOVER PIANO.

Alice Lewellen Retains Instrument Unlawfully, Company Says—Asks $100 Damage.

A replevin suit to recover a $200 Chase piano, stool and scarf, sold in 1912 to Alice Lewellen by the Jesse French Piano and Organ Company, has been filed in circuit court for trial in the September term. The company also asks for $100 damages. It is alleged full payment has not yet been made on the instrument.

SAYS ENGLAND DRINKS LESS

Labor Leader Asserts Ship Building Managers Are to Blame, Not Men Nor Booze.

By American Press.

London, May 3.—William Crooks, a labor leader in the house of commons, declares there is less drinking in England now than before the war, and that Chancellor of the Exchequer Lloyd George was mistaken in statements he made regarding the subject.

Crooks asserts that if less work is being done at the private ship yards, some cause other than drink must be sought, and that this accusation has been spread broadcast by employers to cover up their own shortcomings. "I have not the slightest hesitation in saying that the Woolwich arsenal could turn out a third more work than it is doing now," said Crooks.

"The men have insufficient work to do because of lack of organization. Moreover, although the war has lasted nine months, no accommodations have yet been provided for men to get their meals."

112 EIGHTH GRADE PUPILS GRADUATE

PASS MANY NODAWAY COUNTY STUDENTS WHO TOOK QUIZZES.

ALL AVERAGE GOOD IN DIPLOMA TESTS

Several Hundred Tried Only for Grades—More to Come—Several Will Receive Free Scholarships.

One hundred and twelve eighth grade pupils of the public schools of Nodaway county, outside of Maryville, passed the examinations held March 5 and 6 throughout the county, and will receive diplomas, entitling them to enter high schools, according to announcement made this afternoon by Prof. Bert Cooper, county school superintendent There are a few pupils of town schools that took the examinations, whose papers have yet to be examined more closely to determine their graduation. All papers of rural pupils have been graded and passed upon, however.

The work of grading the papers has been in progress for several weeks by Superintendent Cooper, assisted by Mrs. John Porter. Many of the several hundred who took the examinations did not take them in full, but merely tried for "grades," with the intention of finishing next year. Some of course tried for passage but failed.

All Did Able Work.

The grades averaged up well. It has not been determined the average grades each made, nor the ones receiving the highest grades and are therefore entitled to the various scholarships offered by the high schools of the county, the Maryville Business college, the Maryville Conservatory of Music, nor the International Correspondence schools. This will be done within a few days.

The graduation exercises or commencements in three townships have already been held. Those of Grant and White Cloud townships held a joint commencement at Barnard Friday night. Those of Washington township held a commencement Saturday night at Guilford.

The next commencement for eighth grade pupils receiving diplomas will be held at Elmo next Saturday night for those passing from Lincoln township grade schools.

These 112 Are Graduated.

Pupils must make an average grade of 80 per cent or more to pass and not less than 60 per cent in any one of the ten studies.

Those announced today as having passed, arranged alphabetically, with number of school district, are:

A—Wilber Aten, No. 159; Russell Y. Akley, No. 167; Lacy D. Auten, No. 114; Lynn Auten, No. 114; Elsie M. Alexander, No. 82 Fifteen Archer No 151; Elizabeth Abels, No. 152; Edith Anderson, No. 169; Lowell Anderson, No. 19.

THE NEED OF HELP.

There is perhaps more distress in the civilized world now than at any time within the memory of the present generation. The people of the United States have nobly aided in relieving the distress incident to the war in some of the smaller countries, especially in Belgium. Food and clothing to the value of $50,000,000 in round numbers have been sent for distribution among the unfortunate in Belgium. The situation in Belgium has been more strongly emphasized and has appealed more readily to the American people because of their admiration for the industry, the frugality and the higher civilization of the people of that country.

But as the war goes on starvation, disease and distress of even greater intensity spreads to all the countries involved, and especially to those sections unable to finance their own relief. While all the world has been horrified by the terrible conditions in Belgium, the little country of Servia, a country of hardy mountain farmers, have fought valiantly on against their larger opponent until a terrible scourge of typhus threatens to practically wipe out the population, the Austrians and Russians have fought back and forth over Galicia until the people of that country, especially the Jews, are starving and suffering desperate privations. Likewise the people of Poland, whose country has been the battle ground between the Germans and the Russians, have seen their homes and their property destroyed and confiscated until they, too, are helpless and starving.

So the big countries continue to visit suffering and pestilence upon the peace loving little countries who are unable to help themselves. What will be the end, so far as they are concerned, is hard to see. The war cannot and will not end until the big countries have had enough. The little countries are only unfortunate incidents in the great contest and little consideration will be paid them by the great contenders until they are ready to settle among themselves. All peace efforts, while commendable, will continue to be fruitless until the big bullies have fully tested their strength and come to a peace agreement that, not only by agreement but by circumstances as well, will be effective for generations to come. The United States and other neutral countries will in the meantime continue to extend all help possible, but the distress will multiply until the terrible carnage ends.

If what the experts predict; if what the signs indicate; if what the crop prospects promise come true there will be no empty dinner pails next year, and the orator who essays to preach the "gospel of discontent" will preach to empty benches and the calamity howler's occupation will be gone—St. Joseph News-Press.

STATE EXPLAINS LAWS GOVERNING EDIBLE HANDLING.

WAGE WAR ON FLY TOO

Commissioner F. H. Fricke, Leader in Work, Advises Cleanliness, Sanitation and purity.

Editor, Democrat-Forum, Maryville, Mo.,

Jefferson City, April 30, 1915—"I shall insist upon a thorough compliance with the sanitation laws of 1911, in all places where food is manufactured, distributed or sold, and particularly, during the fly season. I consider the proper sanitation of these places as the surest means of preventing the spread of diseases or epidemics, and by far the most important part of the work of my department.

"From a purely business standpoint, manufacturers and dealers in these articles should realize that it is a good business principle to make their establishment clean, sanitary, and, therefore, attractive to customers, but I am concerned with the preservation of public health alone, and shall enforce the law as I see it.

"I am going to insist that during the fly season, extra care must be taken to protect articles of food from contamination by disease producing germs.

Yours very truly,
F. H. FRICKE,
Commissioner of the Food and Drug Department, State of Missouri."

A warning is being sent out this week by F. H. Fricke, commissioner of the food and drug department of the State of Missouri, against the violation of the state laws relative to proper preparation, packing, handling and selling of foods. It is.

"The attention of manufacturers and proprietors of restaurants, hotels, dining cars, groceries, meat markets, dairies, bakeries, canneries, packing houses, slaughter houses, confectioneries, creameries, butter factories, cheese factories, and all other food producing establishments, manufactories, or other places where food is distributed, and vehicles in which food is placed for transportation, is directed to the requirements of the laws of Missouri of 1911, providing for the sanitation of these places, and regulating the health of the operatives, employees, drivers and other persons on the premises, or who handle the material from which food is prepared or the finished product.

The following rules and regulations have been made: Every building, room, basement, or cellar, occupied or used for the preparation of any food, shall be properly lighted, plumbed and ventilated, and conducted with strict regard to the influence of such condition upon the health of the employes therein.

Must Guard Against Dirt.

"The floors, sidewalks, ceilings, lockers, cloakroom furniture, receptacles, implements and machinery of the places hereinbefore mentioned, and all cars, trucks, and vehicles used in the transportation of food products, must be kept in a clean, healthy and sanitary condition, and to insure this object, all food in the process of manufacture preparation, packing, storing, sale, distribution or transportation, must be securely protected from flies, dust and dirt, or other foreign or injurious contamination.

All refuse, dirt and waste products, subject to decomposition and fermentation incident to the manufacture, preparation, packing, storing sale, distribution and transportation of food MUST BE REMOVED DAILY.

"All trucks, trays, boxes, baskets, buckets and other receptacles, shoots, platforms, racks, tables, troughs, shelves, and all knives, saws, cleavers and other utensils and machinery used in moving, handling, cutting, chopping, mixing, canning, and other processes in the manufacture, sale and handling of food, MUST BE THOROUGHLY CLEANED DAILY.

Keep Employees Clean.

"The clothing of operatives, employees, clerks, or other person employed in any of the processes above specified, must, as well as their persons be clean and sanitary.

"The use of second-hand bottles for liquids used as food or drink, is strictly forbidden, unless the same have been first carefully sterilized with live steam.

"All receptacles used for the storage of food or drink, must be kept covered, and such covering shall not be removed therefrom, except for the purpose of refilling and during process of sale.

"All meats and other articles of food likely to perish from decomposition, and to be contaminated with dust or flies, must be kept in receptacles artificially cooled to an extent sufficient to prevent said decomposition and contamination, up to the time that these articles are sold.

The ceiling of every bakery, hotel and restaurant kitchen, must be well plastered, wainscoted, ceiled with metal or lumber, and oil painted or kept lime-washed. All interior wood work in same (including hotels and dining cars) must be kept well oiled or painted, and washed clean with soap and water. The floors must be made of cement or tile laid in cement, brick, wood or other suitable nonabsorbent material which can be flushed and washed clean with water.

Bar Help with Infectious Disease.

"The doors, windows and other openings of the above establishments during the fly season, must be fitted with self-closing screen doors and wire window screens, not coarser than 14 mesh wire gauze.

SIMPSON LEADS IN TRACK MEET.

Former Star Here Breaks Broad Jump Record at Columbia.

Taking first in seven events, Missouri university defeated the Kansas state agricultural college 70-39 in a dual track meet at Columbia Saturday afternoon. But for kicking over one hurdle, Bob Simpson, Tiger runner, would have hung up a new record for the Missouri valley conference in the 220-yard low hurdles.

He ran the race in 24 4-5 seconds, but his record was disallowed because of the upturned hurdle. The valley record is 25 seconds, made by Guy Kirksey of Missouri.

Simpson did break a state record in the broad jump, going 23 feet 1 inch. By taking first in the broad jump, high and low hurdles, and second in the 11-yard dash, Simpson made an individual score of 18 points.

Powell, Missouri, tied the valley pole vault record of 12 feet, and Helroyd of Kansas Aggies tied the valley record in the 100-yard dash, running it in 10 flat.

HITS SOCIAL LIFE

(Continued from page 1.)

you know we have a lot of folks who come out to meeting only on Sunday night that never come to the regular weekly service. They hear a sermon along the line of amusements, and they go out and say, 'I do wish these preachers would preach the gospel.'

Used as Constant Excuse.

"Some people use this sort of an excuse: Why, of course, if I had self-control, if I just rushed pell mell into all sorts of excessive use of certain things, but you know I have got a balance wheel. I can do a thing or I can let it alone. The way that I do it is perfectly all right. The blackest and the most damning curses of America are the moderate whisky drinker or tippler.

"Outside of the damage the drunkard does to himself and his immediate family, your drunkard is not doing one-half as much harm as your prominent business men that are taking their glass of beer here and there and elsewhere."

"I understand that you have in this city women's card parties where you play for prizes, where your high-standing social ladies go and sit down and gamble.

Amusement Shows Character.

"Is it any worse gambling for the same silver molded into a spoon or thimble. Show me what it takes to amuse you, and I will tell you your size right quick. If the officers of Maryville had the nerve and manhood and the back bone and were not so afraid of losing their political pull, they would raid some of these card parties. You may say I am using pretty rough language. I will apologize on the ground that I am dealing with a rough bunch.

"The rottenest set this side of the pit of hell are the men and women on the American stage. The dramatic art in America has gone back until it is 40 per cent lower than it was forty years ago. If you are looking for good moral truth there is plenty of places to get it without going where you get all the moral filth that goes with it."

HOPKINS TEAM WINS 13-10

Maryville All-Stars Lose Through Errors—Two "Homers" Aid Opponents to Win.

The Maryville All-Stars base ball team went down to defeat, but not infamously nor by a great margin, at the hands of the Hopkins team, at the Hopkins diamond yesterday afternoon. The final score was 13 to 10. A large crowd of persons of Hopkins and vicinity and about five automobile loads of Maryville fans attended the game.

"Lonnie Adams" of the Normal staff pitched for the All Stars and did quite well, but owing to nine errors, most of them in the infield, could not bring the All-Stars home victorious. Thomas pitched for Hopkins. He is captain of the team and coach, and is considered an exceptionally able player for a small town team. He used an out curve most of the time, which seemed to baffle the home players for several innings before they got "next."

Scored One Home Run.

Gigger, second baseman for Hopkins, secured two home runs, both times when two men were on bases David Seckington, All-Star second baseman, got one home run and a two-bagger. Ernst, All-Star fielder, also got a two-base hit.

The only change in the lineup of the All-Star players during the game was at the end of the third inning, when Tilson succeeded Ham at first base, and Ham in turn took Woodard's position in right field. The initiatory lineup of the two teams was.

Hopkins—Selwig, 3b; Gigger, 2b; Clutee, 1b; Kime, ss; Roberts, c; Miller, pf; Kysar, cf; Bonham, lf; Thomas, p.

Maryville—Wilson, 3b; Seckington, 2b; Ham, 1b; Scott, ss; Wiles, c; Woodward, rf; Brittain, cf; Ernst, lf; Adams, p.

The score:

	R.	H.	E.
Hopkins .....1301101 6*—13	11	3	
Maryville ....0 0 3 1 2 0 0 0 4—10	9	9

U. S. BOAT SUNK BY SUBMARINE

Oil Tank Steamer Gulflight Torpedoed Off Scilly Islands.

BRITISH FULGENT A VICTIM.

Captain Shot and One Boat Containing Survivors Cannot Be Located. French Coal Ship Also Pays Toll. German Torpedo Boats Sunk.

London, May 3.—The American oil tank steamer Gulflight, which sailed from Port Arthur, Tex., April 10, for Rouen, France, was torpedoed off the Scilly islands.

The captain of the Gulflight, according to the advices, died of heart failure as a result of the shock. Two seamen jumped overboard and were drowned. The other members of the crew were taken off by a patrol boat and landed. The vessel was towed into Crow sound and beached.

The Gulflight was a steel vessel of 3,200 tons net and was built at Camden, N. J., in 1914. It was owned by the Gulf Refining company.

Hit by Submarine.

The British steamer Fulgent was sunk by a German submarine northwest of the Skellig rocks.

A boat containing nine survivors and the body of the captain of the steamer, who had been shot and killed, was rescued by a trawler and landed at Kilrush, Ireland. The trawler was unable to find the second boat of the Fulgent containing the remainder of the crew.

German Torpedo Boats Sunk.

The British admiralty stated that two German torpedo boats had been sunk in the North sea. The British torpedo boat destroyer Recruit was also sunk.

The French steamer Europe, from Barry for St Nazaire, with a cargo of coal, was torpedoed by a German submarine near Pishop's rock and sunk.

RANCH HAND IS SLAIN

Killed While Seeking Life of Nurse and Priest.

Palm Springs, Cal., May 3.—Peter Glennon, a young ranch hand, was killed and Rev. Paul Reinfels, a Catholic priest from Paloma, Ill., wounded in the right forearm in a battle at Chino canyon, a gulch frequented by health seekers, five miles miles from here in the Riverside county desert.

Glennon shot Father Reinfels in an effort to kill him and Miss Clara Sherrer, a nurse attending the priest, who has been ill from pneumonia, but whether the young man received his own death wound from a shot fired by the priest, or was slain in a struggle with Miss Sherrer, is the subject of an investigation by the sheriff.

Father Reinfels was taken to Benning, where examination revealed that the wound was only slight. He arrived at Palm Springs three days ago to recuperate and went at once to a tent in the canyon. Miss Sherrer, a nurse from San Francisco, attended him.

Glennon is said to have been in love with the girl and, according to accounts given by the priest and the young woman, he made his way five miles from the ranch where he was employed to the Chino camp and announced that he intended to kill both the clergyman and Miss Sherrer. He thereupon opened fire, wounding the priest.

Miss Sherrer grappled with the assailant. As she and the man fought, Father Reinfe's drew his own revolver and fired one shot. Glennon stumbled and fell into a small spring near the tent. Miss Sherrer asserted that still another shot was fired and that this came from Glennon's own revolver, which was discharged during her battle with him.

TO RENEW RAIL WAGE WAR

Union Heads Condemn Award and Plan Fight at End of Year.

Chicago, May 3.—Predictions were made on all sides that the wage demands of the engineers and firemen on the western railroads will be reopened next May with renewed vigor by the employees' brotherhoods.

New estimates were issued from the unions' headquarters asserting that the wage increases allowed by the federal arbitration board would be far less than originally figured, the engineers receiving but a little more than $300,000 and the firemen about $500,000 more annually.

Two St. Louis Realty Men Indicted.

St. Louis, May 3.—Charles C. Nicholls, president of the Nicholls-Ritter Realty company, now bankrupt, and Jesse T. Daniel, secretary of the Daniel Realty company, have been indicted for alleged real estate frauds. Nicholls is charged with the embezzlement of $7,000 from John B. Wester mayer and Daniel is charged with selling a forged deed of trust to Dr. W. B. Palmer for $850.

Wilson Godfather of His Grandson.

Williamstown, Mass., May 3.—President Wilson became the godfather of his only grandson here and added to his duties by promising to safeguard the religious welfare of the child, the son of Mr. and Mrs. Francis B. Sayre (Margaret Wilson). Afterward the president left for Washington.

JOHN G. CAPERS
Prominent Washington Attorney, formerly Commissioner of Internal Revenue.

"The Best Tobacco Made"

Emphatic Statement by an Eminent Authority—Pipe-smokers, Read what John G. Capers Has to Say

"When I was Commissioner of Internal Revenue under Presidents Roosevelt's and Taft's Administrations, I had a great deal to do with tobacco. In the collection of millions of dollars of tax I came intimately into contact with the whole business. Tuxedo I consider the best tobacco made. I smoke it myself and find it soothing and restful, mild, fragrant and non-irritating to the throat."

John G. Capers

Mr. Smoker, that's evidence *straight from an authority* that Tuxedo is the top-notch smoke of them all. The tobacco that a famous Internal Revenue Commissioner chooses for *his own* smoke because he considers it the *best* tobacco made.

And remember this, men:—that's picking Tuxedo from a mighty big field; for between you and us and the account sheet, the Government collects $100,000,000 a year in revenues from tobaccos.

Mr. Capers is now a prominent and successful practising lawyer in Washington, D. C., and we are glad to include his name in Tuxedo's great list of friends. It's the same old story everywhere Tuxedo is tried: *Quality tells.*

Don't quarrel with your pipe and don't quarrel with your tongue. Take your tobacco troubles to good old Tuxedo!

Your pipe'll be sweet and your tongue'll be sound if you smoke Tuxedo. Tuxedo can't bite or blister. That's all taken out by the famous "Tuxedo Process"—the *original* process which the other brands like so well that they try to imitate it.

And you'll find the Internal Revenue Commissioner absolutely right as to Tuxedo's quality.

Tuxedo

The Perfect Tobacco for Pipe and Cigarette

Try Tuxedo for a week, and you'll know why Mr. Capers and thousands of other distinguished smokers say that it is "the best tobacco made."

Turks Drive French Back to Their Transports.

REPORT IS FROM ATHENS.

Germans Push Way Into Heart of Baltic Provinces—Thought If Teutons In Strong Force They Should Menace Russian Communications.

WAR SUMMARY

There has been little fighting in Belgium, and complete quiet along the British front. The French have bombarded the entrenched camp of Metz.

German forces are to the southeast of Mitau, capital of Courland, and their operations in the Baltic provinces seemingly have taken the Russians off their guard.

The Russian war office admits the occupation by the Germans of Shavali, in the province of Kovno; that German patrols have appeared near Libau, an important port in Courland on the Baltic sea, and that hostile torpedo boats have visited the Gulf of Riga.

Both Russians and Austrians claim successes in the Carpathians.

From northern Poland to the Carpathians the fighting, which has been retarded by inclement weather, has taken on a new vigor, and especial attention is directed toward the new German invasion of the Russian Baltic provinces, where the Germans claim to be making progress.

While no reports have come through from the Dardanelles recently, unofficial statements indicate that the allied fleet is carrying on a heavy bombardment.

Germans have been bombarding Dunkirk from the land side, and the Germans submarines after a considerable lull in their operations, have made a new raid on the west coast of England and Ireland and sunk three steamers.

Athens, May 3.—The French troops of the Dardanelles retired after a which landed on the Asia Minor side stubborn battle lasting two days.

It appears that the Turkish report that the Asiatic shore of the Dardanelles is free of the invaders was correct, the French having simly gone ashore there to make the landing of the British on the other side easier and, this accomplished, having been withdrawn, doubtless to land at some other points. News of these operations is awaited with the greatest interest as for the moment they are considered among the most important of the war.

London, May 3.—The Germans claim to have made an advance in their raid into the Russian Baltic provinces and, after defeating the Russians, to have reached the region to the southwest of Mitau, which is well on the road to Riga, and, if they are in strong force, they should prove a serious menace to the Russian communications. It is believed here, however, that the movement is nothing more than a raid, and the Russians profess not to be disturbed over it.

There has been no further bombardment of Dunkirk, which would seem to indicate that the Germans had only one big gun in position, and that the French airmen have made it so uncomfortable for the gun crew that it has been withdrawn. As a reply to this bombardment, the French have brought one of their big guns to bear on one of the forts in the south front of the fortress of Metz.

Along the rest of the western front attacks and counter attacks continue, but no battle of importance has developed out of them.

6,000 CANADIANS LOST

Over Fourth of Division Wiped Out in Battle at Ypres.

Ottawa, May 3.—Casualties among the Canadian contingent in the fighting at Ypres are now reported to have been nearly 6,000. Of these, 2,000 are reported missing, the missing being chiefly the Thirteenth and Fourteenth battalions of Montreal Highlanders, each 1,000 strong.

It is stated that 700 officers and men were killeld and 3,000 wounded. The totals thus given would indicate that more than one-fourth of the 21,000 men in the division were put out of action.

German Socialist Drafted Into Army.

Amsterdam, May 3.—The summoning of Carl Liebknecht, German Socialist leader, to serve in one of the landstrum regiments in French Lorraine, has excited much comment among his followers. Liebknecht is a member of the reichstag and is therefore exempted from military service while the imperial legislature is actually sitting, but his exemption ceases when the house adjourns, and the military authorities have decided that henceforth he must serve at the front for the whole period of each legislative adjournment. The purpose of this, Liebknecht's friends assert, is to keep him away from contact with other Socialists and under military discipline.

Special Meeting of Jap Lords.

Tokyo, May 3.—An extraordinary cabinet council met here this morning to consider China's refusal to accede completely to the demands of Japan.

BOUQUETS FROM THE PRESS

PLEASED WITH TREATMENT.

From the Landmark, Platte City, edited by Col. W. T. Jenkins.

We want it distinctly understood that both Platte City and Weston people came away perfectly satisfied in the strict fairness of the judges of the literary and track events and they have nothing but the highest praise for the Normal school officials and the good people of Maryville. Every kindness and courtesy were shown them, and all declare that Maryville cannot be beaten as hosts.

While in Maryville we had a pleasant surprise. We were introduced to State Senator Craig of Maryville, and in the course of the conversation we found that the senator and editor were schoolmates at Washington and Lee university some forty-three years ago. In fact, we boarded at the same place at the outskirts of Lexington for several weeks, when the senator moved to town and we became separated, to meet again at Maryville.

Maryville city and the Normal officials did everything they could to make things pleasant for the visitors.

At this meet that traitor, Brer Hull, toastmaster, also editor of the Maryville Tribune, and Et Tu Brute Jim Todd, editor of the Maryville Democrat, forced us to make a speech, and we "spoke a piece." Some day we are going to inveigle Hull and Todd to Platte City, and going to post the town boys. Todd is to begin his speech at 8 o'clock a. m. sharp, and close at 1:30 p. m. There won't be any intermission for dinner. We are now hardening ourself to stand the ordeal.

ST. LOUIS TRADE LEADERS TO COME

MARYVILLE HOST, MAY 11, TO 100 BUSINESS MEN.

BOOSTERS TO VISIT THE RETAILERS HERE

Excursionists Also Will Make Half-Hour Stop at Burlington Junction —To Bring 12-Piece Band.

Maryville will be the host to 100 business men of St. Louis next Tuesday afternoon, while the St. Louis boosters are on a special trade extension through northern Missouri and Southern Iowa, according to advices given out to the Democrat-Forum by Robert E. Lee, trip manager, and secretary of the Business Men's League of St. Louis.

The special train will arrive in Maryville at 2:05 p. m. and remain until 3:05 p. m. next Tuesday, May 11. They are coming on a trade extension trip to get acquainted with the merchants of this city. They will come via the Wabash.

They will be accompanied by Seymour's military band of 12 pieces and march uptown. The band will visit a concert while the touristswill visit the merchants in this city in their stores.

Among the tourists will be representatives of every leading business house in St. Louis, including wholesale dry goods, shoe manufacturers, hat wholesalers, wire rope manufacturers, banks millinery jobbers, and many other important lines of business.

To Carry Band and aBrber.

The special train will be out of St. Louis for six days beginning Monday, May 10. It will consist of a dining car, three sleepers and an observation car. The trade boosters will live on the train, eating their meals there and sleeping in the Pullman cars. In addition to the band, a barber will be carried along to keep the men looking trim.

The train will have telephone service from car to car and at many of the stops arrangements have been made for getting connection with the long distance into St. Louis in case any of the men want to telephone to their houses or to their families.

There will also be representatives of the leading newspapers of St. Louis with the party and the towns visited will get a great amount of publicity through the excursion.

Commercial Club to be Host.

Following this announcement, the executive committee of the Commercial Club met at noon today, in regular session, to consider the matter and to make arrangements for receiving and entertaining the St. Louis business men while they are in the city. As it is the principal aim of the excursionists to visit the business men, the club members will especially aid the visitors towards getting acquainted with the trade here.

It was decided, however, to meet the visitors at the Wabash station, bring them uptown and later escort them back to the train.

The towns to be visited the first day Monday, May 10, are Louisiana, Hannibal, Palmyra, Monroe City, Shelbina, Clarence, Macon, Bevier, Brookfield, Chillicothe. The towns to be visited the second day are Chillicothe, Gallatin, Pattonsburg, Stanberry, Maryville, Burlington Junction, Blanchard, Coin and Shenandoah and Red Oak, Iowa.

Visit Burlington Junction.

Maryville and Burlington Junction will be the only towns in Nodaway county that will be visited. They will be in Burlington Junction from 3:30

The remaining three days of the trip will be spent in southern and southeastern Iowa. The final visit will be at the Keokuk dam at Keokuk, Ia. They are due to return to St. Louis at 7:30 p. m., Saturday, May 15.

Mrs. Frank Tarpley went to Quitman yesterday to spend a few days visiting her parents, Mr. and Mrs. S. S. Wolcott.

Mrs. D. M. Hughes and her mother, Mrs. Clayton, returned last night from a few days visit at Burlington Junction.

WHO LOST SADDLE, HARNESS?

Officers Take in Harry Friel—Sells Goods for $5—Says He Was Agent.

Sheriff Edwin Wallace and Chief of Police E. C. Moberly are in a quandary They have the goods and the man, but the owner of the goods, is an unfound quantity yet. Saturday night a man giving his name as Harry Friel of West Virginia raising, sold a new saddle and a practically new set of single driving harness at Wadley's harness shop for $5.

Wadley immediately suspected something was wrong and notified Maryville's Sherlock Holmes. They took a bird's eye view of the goods and then took up the salesman. He said the harness and saddle were given to him by a stranger Saturday, with the request that he sell them for him. Friel says he had no part in the transaction except as an agent and did not steal the goods.

The officers are inclined to believe the articles were stolen but have not been able to find the owner.

IMPROVE LINCOLN BRIDGES

Set Aside $5,000 for Permanent Work in South Part of Township-- Begin Today.

The Lincoln township board at its last meeting decided to begin work in Eugene Humphrey's district, which is in the southeast and south part of the township, says the Elmo Post.

They set aside $5,000 for emergencies, and to pay overhead expenses. The balance will be apportioned among the districts in proportion to their assessed valuation, leaving about $4,000 more or less for each district. It is not expected that all the money will be spent now, but as soon as the township is gone over, then the surplus, if any, will be divided again.

Mr. Humphrey's district will get $3,200 as a starter, and more later if there is any left. It is not believed that the money available will build near all the culverts, but it will fix the worst places, and the other places can be fixed as more funds are available.

John Clary is in charge of the work and will have two crews at work under experienced foremen.

There are eighty-three bridges and culverts needed in district No. 4, overseen by Eugene Humphrey. The work there was begun today. The forms and mixers for the culverts used in the Polk township work were sent to Lincoln township Saturday. The construction foremen are C. W. Hildreth and W. E. Gleckler.

WORK ON ELMO LODGE HALL.

Brick and Lumber on Ground for Masonic Building—Lincoln Bent in Charge.

The actual rebuilding of the two-story Masonic building at Elmo, burned last winter, will be begun in a few days, according to E. T. Bailey of Elmo, who was in Maryville today, attending county court. The brick and lumber is now on the ground. Lincoln Bent of Maryville is constructing the building.

It will be necessary to rebuild the front and rear brick walls, but not those of the sides, it is said. It will be of the same dimensions as the old one, but probably a few feet less in height, though two stories. The leasing of the lower floor is being arranged. The lodge will use the upper floor.

FINISH NODAWAY BRIDGE SOON.

County Span Between Clearmont and Elmo Will Be Finished Thursday.

The 108-foot steel bridge to span the Nodaway river drainage ditch between Clearmont and Elmo will be ready for traffic after Thursday, according to announcement of the constructors. The steel and concrete pillars are in, the steel framework in place and the bracing is now being riveted, E. T. Bailey of Elmo, a member of the county court, said this morning.

Only the bracing need be put on, the floor laid and the approaches finished yet to entirely complete the structure.

Returned from Winter Visit.

Col. J. T. Hughes returned Saturday night from a four months visit at Punta Gorda, Fla. He reports having a good time, but that fishing this year was not as good as on his former visit.

HITS SOCIAL LIFE

FIRST METHODIST EVANGELIST SCORES WORLDLY AMUSEMENTS.

"CHURCHES TOO BROAD"

The Rev. Thurston B. Price Will Continue Series of Sermons on Modern Society Tonight.

Evangelist Price's Sermonettes.

"The one great hope of the church is the rising generation, not the middle-aged or elderly."

"Some churches have become so 'broad' that you can see through them."

"The blackest and most damning curses of America are the moderate whisky drinkers or tipplers—not to themselves so much as to those young men who come under their influence"

"Show me what it takes to amuse you and I will tell your size right quick."

"A mammy that can't finish her own daughter without sending her away to a 'finishing school' when she has a college education is a mighty poor mammy."

"The way they dance nowadays you couldn't drive a thin bladed knife between them"

The dance, modern drama, gambling, card playing, drink, and present day women's dress all came in for a strong denunciation and scoring at the hands of Evangelist Thurston B. Price in the First Methodist church revival last night. It was hurled at a full house, too—not less than 1,000 of them. The battle is not yet over, either, if the sermon topic announced for tonight is indication of the contents—"The Devil to Pay in Maryville Social Circles."

Beginning this afternoon regular afternoon services also will be held in addition to the night services. Tomorrow afternoon Evangelist Price will deliver a sermon specifically for women and girls on "The Wonderful Power of a Woman's influence." The sermons this afternoon, tonight and tomorrow afternoon will be a series, each connected.

Begin With Sunday School.

The text of the sermon yesterday morning was "Thou art weighed in the balances and found wanting," the subject of the sermon being "The Parents' Obligation to the Child."

Mr. Price said that the one hope of the church of America lies in reaching the boys and girls. "The one great hope is to be in the rising generation. Eighty-five per cent of all the boys and girls that come into our Sunday schools and go out of them, that 85 per cent is lost to the church. Right on the other hand, almost the same 85 per cent of the membership of the church are recruited from that little 15 per cent that we do hold.

In connection with his discussion of card playing, and the people who say that "the Methodist church is getting broad" in tolerating such things, Mr. Price said that a church that was broad enough to countenance that had "spread out in some places until it is so everlasting thin you can see through it."

Mr. Price very strongly advocated the introduction of the family altar in the home, and urged the mother and father to pray with the girls and boys of their home, as well as for them.

Mr. Guice's solo last night was "The Ninety and Nine." The subject of the sermon lecture was "The Plea of Insanity," and Mr. Price took as his text "Father, forgive them, for they know not what they do."

They Know Not What They Do.

Mr. Price said.

"Men all down through the ages have been seeking to get behind that statement as a shelter. All down through the years men and women have been seeking to avoid the consequences of guilt by the denial of harmful intent. In other words my subject tonight, that of the plea of insanity, does not specially belong to the court room.

"The plea of insanity has been found in every-day life. Practically every day of our life finds the plea of insanity being entered in an effort to avoid the consequences of guilt by a flat denial of any harmful intention. Now, when it comes to the study of social conditions, no man ever puts his hand on the great sore spots in the social life of the city without somebody making a decided howl about it.

"Just as long as we preachers will preach along just ordinary lines, so long as we preachers just preach along on the general principles of Christianity from a negative standpoint, everybody is delighted. But

FINE GRANT CITY MAN $250.

Ora Gentry Drove Car Negligently, Causing Iowa Girl's Death.

Ora Gentry, the young man from Grant City, Mo., who piloted the ill-fated automobile that overturned November 22, 1914, resulting in the death of Miss Alice Patrick of Blockton, has paid a fine of $250 and the costs in the district court. He pleaded guilty to the indictment charging him with negligently running an automobile contrary to law. The fine was imposed by Judge Thomas L. Maxwell.

The automobile driven by Gentry was not his own, but belonged to a friends, and he took it to Patrick's residence and requested the Patrick daughters to go driving with him. Miss Alice Patrick came home while he was there and consented to go. Witnesses testified that he did not have good control of the car. It overturned on the hill west of Blockton.—Bedford (Ia.) FARMERS TRUST COMPANY PAYS 4⅛ FOR COUNTY FUND.

MANY BID FOR DEPOSIT

Seven Nodaway Banks Seek County Balance—Let Township Over-Levy Remain.

The regular monthly meeting of the county court began this morning to consider routine business and also some special work. One will be to levy county taxes, and to examine township levies. The contract for the deposit of county funds for the next two years also is to be considered at this meeting. Bids must be in today.

The Farmers Trust company of this city was selected as the county depository for the coming two years by the county court this afternoon. Its bid was 4 1-8 per cent interest. Several other banks of this city and Guilford and Barnard had bids. They were:

First National bank, Maryville, 2½ per cent.

Real Estate bank, Maryville, 3¼ per cent.

Nodaway Valley bank, Maryville, 3½ per cent.

Bank of Guilford, Guilford, for one-fourth of county funds bid 4⅛ per cent; one-half of county funds, 4¼; for three-fourths of county funds, 4⅜; for all, 4½c.

Farmers and Citizens bank of Barnard, 3½c for one-fourth of county funds.

Citizens bank of Guilford, 4 per cent for one-fourth of county funds.

The Farmers Trust company was the county depository for the last two years, the county funds receiving 3 per cent interest.

No Action on Township Levy.

A delegation from Burlington Junction appeared before the court in regard to a tax levy made by the Nodaway township board of 10 cents, 25 cents and 15 cents, which is said to be 15 cents more than is legal. The court decided it had no jurisdiction in the matter, however.

A delegation from Washington township was present to seek bridges for that township. The party included Judge J. O. Thompson, Carl Wray, W. J. Beggs, J. V. Pugh and W. E. Brittain, members of the township board; John A. Martin, Rev. L. M. Kirby and D. C. McGee.

The petition presented last month for the transfer of a quarter-mile strip from the north side of Washington township to Jefferson township will not come up at this term of court, as the change could not be made now, as the tax books have already been run for these townships.

MRS. M'MASTER, 75, DIES.

Funeral Services for Hopkins Resident to Be Held Tomorrow.

Mrs. Sarah McMaster, 75 years old, the widow of the late John C. McMaster, died at 3 o'clock Saturday afternoon at the McMaster home, near Hopkins.

Mrs. McMaster had been ill for many months, suffering with cancer of the pancreas. She was born May 23, 1840, in Indiana, and came to Nodaway county when a young woman. Her husband died twelve years ago. She is survived by thirteen children. They are W. D., J. A., George, Jerome and Sarah McMaster, living near Hopkins; Abram McMaster of Alabama, Charles and Amos McMaster and Mrs. Mary Beecham of Idaho; Arthur McMaster of Meadville, Mo.; Mrs. Martha George of Montana, Mrs. Alta Jackson of Kansas, and Harmon McMaster of Louisiana, Mo. She also leaves one adopted son, Russell McMaster, and one brother, Kellar Thompson, of Hopkins. Three children are deceased, Noble McMaster, who died several years ago, one child who died in infancy, and a daughter, Mrs. Dora Stewart, who died about a year ago.

The funeral services will be held at 2 o'clock Tuesday afternoon at the Union Baptist church, conducted by the Rev. D. W. Griffith. The burial will be made in the Hopkins cemetery.

SUES TO RECOVER PIANO.

Alice Lewellen Retains Instrument Unlawfully, Company Says—Asks $100 Damage.

A replevin suit to recover a $200 Chase piano, stool and scarf, sold in 1912 to Alice Lewellen by the Jesse French Piano and Organ Company, has been filed in circuit court for trial in the September term. The company also asks for $100 damages. It is alleged full payment has not yet been made on the instrument.

SAYS ENGLAND DRINKS LESS

Labor Leader Asserts Ship Building Managers Are to Blame, Not Men Nor Booze.

By American Press.

London, May 3.—William Crooks, a labor leader in the house of commons, declares there is less drinking in England now than before the war, and that Chancellor of the Exchequer Lloyd George was mistaken in statements he made regarding the subject.

Crooks asserts that if less work is being done at the private ship yards, some cause other than drink must be sought, and that this accusation has been spread broadcast by employers to cover up their own shortcomings. "I have not the slightest hesitation in saying that the Woolwich arsenal could turn out a third more work than it is doing now," said Crooks.

"The men have insufficient work to do because of lack of organization. Moreover, although the war has lasted nine months, no accommodations have yet been provided for men to get their meals."

HOLD SCHOOL TRACK MEET

Washington Township Rural Pupils Compete in Races at Guilford—The Winners.

The pupils of the grade schools of Washington township held their annual track meet, consisting largely of races, at Guilford, Saturday afternoon, previous to the graduating exercises that night, at which time eight were given diplomas graduating them from the grade schools. The races and athletic events resulted as follows:

Slow horse race—First, Frank Moore; second, Mike Davis.

100-yard dash—First, Truman Bledsoe; second, Lester Brittain. Seventh and eighth grades.

Sack race, grades 1 and 2—First, Dick Griggs; second, Ernest Pugh.

Egg race—First, Raymond Lemaster; second, Harold Anderson.

Sack race, grades 1, 2 and 3, girls—First, Wilda Robinett; second, Alta Hinkle.

Ball throwing, girls—First, Luella Harmon; second, Ruea Potts.

Three-legged race, grades 6, 7 and 8—First, Truman Bledsoe and Lester Brittain; second, Murrice Carter and Lawrence Kent.

Wheelbarrow race, grades 3, 4 and 5—Basil Robinett and Raymond Lemaster, first—Murrice Carter and Harold Anderson, second.

Three-legged race, girls, grades 3, 4 and 5—Hazel Street and Ruea Potts, first; Ethel Anderson and Dot Davis, second.

Wheelbarrow race, grades 6, 7 and 8—Truman Bledsoe and Lester Brittain, first; Lee Herring and James Wray, second.

100-yard dash, grades 3, 4 and 5—Leland Medsker, first; Murrice Carter, second.

Driving contest, girls, grades 6, 7, 8 and 9—Irene Brittain, first; Ruea Potts, second.

Greased pole—won by Hobart Bledsoe.

WILL HEAD ELMO SCHOOLS.

Miss Iva Ward, Grant City Tutor 5 Years, Goes to New Position.

Miss Iva Ward, who has been science and mathematics teacher in the Grant City high schools for the last five years, has been elected principal or superintendent of the Elmo high school for the term of 1915-1916. One other teacher for the school is yet to be appointed by the board.

Miss Ward's five years at Grant City are said to have been entirely satisfactory there.

Infant Child Buried.

The funeral services for the infant child of Mr. and Mrs. Joe Turner of Blanchard, Ia., who died Friday, were held at 10 o'clock yesterday at Hopkins, and the body interred in the Hopkins cemetery.

112 EIGHTH GRADE PUPILS GRADUATE

PASS MANY NODAWAY COUNTY STUDENTS WHO TOOK QUIZZES.

ALL AVERAGE GOOD IN DIPLOMA TESTS

Several Hundred Tried Only for Grades—More to Come—Several Will Receive Free Scholarships.

One hundred and twelve eighth grade pupils of the public schools of Nodaway county, outside of Maryville, passed the examinations held March 5 and 6 throughout the county, and will receive diplomas, entitling them to enter high schools, according to announcement made this afternoon by Prof. Bert Cooper, county school superintendent. There are a few pupils of town schools that took the examinations, whose papers have yet to be examined more closely to determine their graduation. All papers of rural pupils have been graded and passed upon, however.

The work of grading the papers has been in progress for several weeks by Superintendent Cooper, assisted by Mrs. John Porter. Many of the several hundred who took the examinations did not take them in full, but merely tried for "grades," with the intention of finishing next year. Some of course tried for passage but failed.

All Did Able Work.

The grades averaged up well. It has not been determined the average grades each made, nor the ones receiving the highest grades and are therefore entitled to the various scholarships offered by the high schools of the county, the Maryville Business college, the Maryville Conservatory of Music, nor the International Correspondence schools. This will be done within a few days.

The graduation exercises or commencements in three townships have already been held. Those of Grant and White Cloud townships held a joint commencement at Barnard Friday night. Those of Washington township held a commencement Saturday night at Guilford.

The next commencement for eighth grade pupils receiving diplomas will be held at Elmo next Saturday night for those passing from Lincoln township grade schools.

These 112 Are Graduated.

Pupils must make an average grade of 80 per cent or more to pass and not less than 60 per cent in any one of the ten studies.

Those announced today as having passed, arranged alphabetically, with number of school district, are:

A—Wilber Aten, No. 159; Russell Y. Akley, No. 167; Lacy D. Auten, No. 114; Lynn Auten, No. 114; Elsie M. Alexander, No. 82 Fifteen Archer No 151; Elizabeth Abels, No. 152; Edith Anderson, No. 169; Lowell Anderson, No. 19.

THE NEED OF HELP.

There is perhaps more distress in the civilized world now than at any time within the memory of the present generation. The people of the United States have nobly aided in relieving the distress incident to the war in some of the smaller countries, especially in Belgium. Food and clothing to the value of $50,000,000 in round numbers have been sent for distribution among the unfortunate in Belgium. The situation in Belgium has been more strongly emphasized and has appealed more readily to the American people because of their admiration for the industry, the frugality and the higher civilization of the people of that country.

But as the war goes on starvation, disease and distress of even greater intensity spreads to all the countries involved, and especially to those sections unable to finance their own relief. While all the world has been horrified by the terrible conditions in Belgium, the little country of Servia, a country of hardy mountain farmers, have fought valiantly on against their larger opponent until a terrible scourge of typhus threatens to practically wipe out the population, the Austrians and Russians have fought back and forth over Galicia until the people of that country, especially the Jews, are starving and suffering desperate privations. Likewise the people of Poland, whose country has been the battle ground between the Germans and the Russians, have seen their homes and their property destroyed and confiscated until they, too, are helpless and starving.

So the big countries continue to visit suffering and pestilence upon the peace loving little countries who are unable to help themselves. What will be the end, so far as they are concerned, is hard to see. The war cannot and will not end until the big countries have had enough. The little countries are only unfortunate incidents in the great contest and little consideration will be paid them by the great contenders until they are ready to settle among themselves. All peace efforts, while commendable, will continue to be fruitless until the big bullies have fully tested their strength and come to a peace agreement that, not only by agreement but by circumstances as well, will be effective for generations to come. The United States and other neutral countries will in the meantime continue to extend all help possible, but the distress will multiply until the terrible carnage ends.

If what the experts predict; if what the signs indicate; if what the crop prospects promise come true there will be no empty dinner pails next year, and the orator who essays to preach the "gospel of discontent" will preach to empty benches and the calamity howler's occupation will be gone—St. Joseph News-Press.

STATE EXPLAINS LAWS GOVERNING EDIBLE HANDLING.

WAGE WAR ON FLY TOO

Commissioner F. H. Fricke, Leader in Work, Advises Cleanliness, Sanitation and purity.

Editor, Democrat-Forum, Maryville, Mo.,

Jefferson City, April 30, 1915—"I shall insist upon a thorough compliance with the sanitation laws of 1911, in all places where food is manufactured, distributed or sold, and particularly, during the fly season. I consider the proper sanitation of these places as the surest means of preventing the spread of diseases or epidemics, and by far the most important part of the work of my department.

"From a purely business standpoint, manufacturers and dealers in these articles should realize that it is a good business principle to make their establishment clean, sanitary, and, therefore, attractive to customers, but I am concerned with the preservation of public health alone, and shall enforce the law as I see it.

"I am going to insist that during the fly season, extra care must be taken to protect articles of food from contamination by disease producing germs.

Yours very truly,
F. H. FRICKE,
Commissioner of the Food and Drug Department, State of Missouri."

A warning is being sent out this week by F. H. Fricke, commissioner of the food and drug department of the State of Missouri, against the violation of the state laws relative to proper preparation, packing, handling and selling of foods. It is.

"The attention of manufacturers and proprietors of restaurants, hotels, dining cars, groceries, meat markets, dairies, bakeries, canneries, packing houses, slaughter houses, confectioneries, creameries, butter factories, cheese factories, and all other food producing establishments, manufactories, or other places where food is distributed, and vehicles in which food is placed for transportation, is directed to the requirements of the laws of Missouri of 1911, providing for the sanitation of these places, and regulating the health of the operatives, employees, drivers and other persons on the premises, or who handle the material from which food is prepared or the finished product.

The following rules and regulations have been made: Every building, room, basement, or cellar, occupied or used for the preparation of any food, shall be properly lighted, plumbed and ventilated, and conducted with strict regard to the influence of such condition upon the health of the employees therein.

Must Guard Against Dirt.

"The floors, sidewalks, ceilings, lockers, closets furniture, receptacles, implements and machinery of the places hereinbefore mentioned, and all cars, trucks, and vehicles used in the transportation of food products, must be kept in a clean, healthy and sanitary condition, and to insure this object, all food in the process of manufacture preparation, packing, storing, sale, distribution or transportation, must be securely protected from flies, dust and dirt, or other foreign or injurious contamination.

All refuse, dirt and waste products, subject to decomposition and fermentation incident to the manufacture, preparation, packing, storing sale, distribution and transportation of food MUST BE REMOVED DAILY.

"All trucks, trays, boxes, baskets, buckets and other receptacles, shoots, platforms, racks, tables, troughs, shelves, and all knives, saws, cleavers and other utensils and machinery used in moving, handling, cutting, chopping, mixing, canning, and other processes in the manufacture, sale and handling of food, MUST BE THOROUGHLY CLEANED DAILY.

Keep Employees Clean.

"The clothing of operatives, employees, clerks, or other person employed in any of the processes above specified, must, as well as their persons be clean and sanitary.

"The use of second-hand bottles for liquids used as food or drink, is strictly forbidden, unless the same have been first carefully sterilized with live steam.

"All receptacles used for the storage of food or drink, must be kept covered, and such covering shall not be removed therefrom, except for the purpose of refilling and during process of sale.

"All meats and other articles of food likely to perish from decomposition, and to be contaminated with dust or flies, must be kept in receptacles artificially cooled to an extent sufficient to prevent said decomposition and contamination, up to the time that these articles are sold.

The ceiling of every bakery, hotel and restaurant kitchen, must be well plastered, wainscoted, ceiled with metal or lumber, and oil painted or kept lime-washed. All interior wood work in same (including hotels and dining cars) must be kept well oiled or painted, and washed clean with soap and water. The floors must be made of cement or tile laid in cement, brick, wood or other suitable nonabsorbent material which can be flushed and washed clean with water.

Bar Help with Infections Disease.

"The doors, windows and other openings of the above establishments during the fly season, must be fitted with self-closing screen doors and wire window screens, not coarser than 14 mesh wire gauze.

"Convenient toilets shall be provided for the operatives in rooms apart from the place where food is being prepared, manufactured, distributed, or sold. Lavoratories and wash rooms shall also be adjacent to same, supplied with soap, running water and towels, and maintained in sanitary condition. Operatives handling food products are required, before beginning the work, to wash their hands and arms thoroughly with soap and water.

"Cuspidors must be provided for use of employees, clerks or other persons and same shall be thoroughly emptied and washed out daily, and sufficient disinfectant solution shall be at all times kept in same.

"No person shall be allowed to live or sleep in any room of a bakeshop, kitchen, dining room, confectionery or place where food is prepared, served or sold.

"No employee shall permit any person suffering from infectious diseases to work in any of the places hereinbefore mentioned."

SIMPSON LEADS IN TRACK MEET.

Former Star Here Breaks Broad Jump Record at Columbia.

Taking first in seven events, Missouri university defeated the Kansas state agricultural college 70-39 in a dual track meet at Columbia Saturday afternoon. But for kicking over one hurdle, Bob Simpson, Tiger runner, would have hung up a new record for the Missouri valley conference in the 220-yard low hurdles.

He ran the race in 24 4-5 seconds, but his record was disallowed because of the upturned hurdle. The valley record is 25 seconds, made by Guy Kirksey of Missouri.

Simpson did break a state record in the broad jump, going 23 feet 1 inch. By taking first in the broad jump, high and low hurdles, and second in the 11-yard dash, Simpson made an individual score of 18 points.

Powell, Missouri, tied the valley pole vault record of 12 feet, and Helroyd of Kansas Aggies tied the valley record in the 100-yard dash, running it in 10 flat.

HITS SOCIAL LIFE

(Continued from page 1.-

you know we have a lot of folks who come out to meeting only on Sunday night that never come to the regular weekly service. They hear a sermon along the line of amusements, and they go out and say, 'I do wish these preachers would preach the gospel.'

Used as Constant Excuse.

"Some people use this sort of an excuse: Why, of course, if I had self-control, if I just rushed pell mell into all sorts of excessive use of certain things, but you know I have got a balance wheel. I can do a thing or I can let it alone. The way that I do it is perfectly all right. The blackest and the most damning curses of America are the moderate whisky drinker or tippler.

"Outside of the damage the drunkard does to himself and his immediate family, your drunkard is not doing one-half as much harm as your prominent business men that are taking their glass of beer here and there and elsewhere."

"I understand that you have in this city women's card parties where you play for prizes, where your high-standing social ladies go and sit down and gamble.

Amusement Shows Character.

"Is it any worse gambling for the same silver molded into a spoon or thimble. Show me what it takes to amuse you, and I will tell you your size right quick. If the officers of Maryville had the nerve and manhood and the back bone and were not so afraid of losing their political pull, they would raid some of these card parties. You may say I am using pretty rough language. I will apologize on the ground that I am dealing with a rough bunch.

"The rottenest set this side of the pit of hell are the men and women on the American stage. The dramatic art in America has gone back until it is 40 per cent lower than it was forty years ago. If you are looking for good moral truth there is plenty of places to get it without going where you get all the moral filth that goes with it."

HOPKINS TEAM WINS 13-10

Maryville All-Stars Lose Through Errors—Two "Homers" Aid Opponents to Win.

The Maryville All-Stars base ball team went down to defeat, but not infamously nor by a great margin, at the hands of the Hopkins team, at the Hopkins diamond yesterday afternoon. The final score was 13 to 10. A large crowd of persons of Hopkins and vicinity and about five automobile loads of Maryville fans attended the game.

"Lonnie Adams" of the Normal staff pitched for the All Stars and did quite well, but owing to nine errors, most of them in the infield, could not bring the All-Stars home victorious. Thomas pitched for Hopkins. He is captain of the team and coach, and is considefed an exceptionally able player for a small town team. He used an out curve most of the time, which seemed to baffle the home players for several innings before they got "next."

Scored One Home Run.

Gigger, second baseman for Hopkins, secured two home runs, both times when two men were on bases David Seckington, All-Star second baseman, got one home run and a two-bagger. Ernst, All-Star fielder, also got a two-base hit.

The only change in the lineup of the All-Star players during the game was at the end of the third inning, when Tilson succeeded Ham at first base, and Ham in turn took Woodard's position in right field. The initiatory lineup of the two teams was.

Hopkins—Selwig, 3b; Gigger, 2b; Clutee, 1b; Kime, ss; Roberts, c; Miller, rf; Kysar, cf; Bonham, lf; Thomas, p.

Maryville—Wilson, 3b; Seckington, 2b; Ham, 1b; Scott, ss; Wiles, c; Woodward, rf; Brittain, cf; Ernst, lf; Adams, p.

The score:

		R.	H.	E.
Hopkins	.....1301101 6*—	13	11	3
Maryville	....0 0 3 1 2 0 0 0 4—	10	9	3

U. S. BOAT SUNK BY SUBMARINE

Oil Tank Steamer Gulflight Torpedoed Off Scilly Islands.

BRITISH FULGENT A VICTIM.

Captain Shot and One Boat Containing Survivors Cannot Be Located. French Coal Ship Also Pays Toll. German Torpedo Boats Sunk.

London, May 3.—The American oil tank steamer Gulflight, which sailed from Port Arthur, Tex., April 10, for Rouen, France, was torpedoed off the Scilly islands.

The captain of the Gulflight, according to the advices, died of heart failure as a result of the shock. Two seamen jumped overboard and were drowned. The other members of the crew were taken off by a patrol boat and landed. The vessel was towed into Crow sound and beached.

The Gulflight was a steel vessel of 3,200 tons net and was built at Camden, N. J., in 1914. It was owned by the Gulf Refining company.

Hit by Submarine.

The British steamer Fulgent was sunk by a German submarine northwest of the Skellig rocks.

A boat containing nine survivors and the body of the captain of the steamer, who had been shot and killed, was rescued by a trawler and landed at Kilrush, Ireland. The trawler was unable to find the second boat of the Fulgent containing the remainder of the crew.

German Torpedo Boats Sunk.

The British admiralty stated that two German torpedo boats had been sunk in the North sea. The British torpedo boat destroyer Recruit was also sunk.

The French steamer Europe, from Barry for St Nazaire, with a cargo of coal, was torpedoed by a German submarine near Pishon's rock and sunk.

RANCH HAND IS SLAIN

Killed While Seeking Life of Nurse and Priest.

Palm Springs, Cal., May 3.—Peter Glennon, a young ranch hand, was killed and Rev. Paul Reinfels, a Catholic priest from Paloma, Ill., wounded in the right forearm in a battle at Chino canyon, a gulch frequented by health seekers, five miles miles from here in the Riverside county desert.

Glennon shot Father Reinfels in an effort to kill him and Miss Clara Sherrer, a nurse attending the priest, who has been ill from pneumonia, but whether the young man received his own death wound from a shot fired by the priest, or was slain in a struggle with Miss Sherrer, is the subject of an investigation by the sheriff.

Father Reinfels was taken to Benning, where examination revealed that the wound was only slight. He arrived at Palm Springs three days ago to recuperate and went at once to a tent in the canyon. Miss Sherrer, a nurse from San Francisco, attended him.

Glennon is said to have been in love with the girl and, according to accounts given by the priest and the young woman, he made his way five miles from the ranch where he was employed to the Chino camp and announced that he intended to kill both the clergyman and Miss Sherrer. He thereupon opened fire, wounding the priest.

Miss Sherrer grappled with the assailant. As she and the man fought, Father Reinfe's drew his own revolver and fired one shot. Glennon stumbled and fe'l into a small spring near the tent. Miss Sherrer asserted that still another shot was fired and that this came from Glennon's own revolver, which was discharged during her batt'e with him.

TO RENEW RAIL WAGE WAR

Union Heads Condemn Award and Plan Fight at End of Year.

Chicago, May 3.—Predictions were made on all sides that the wage demands of the engineers and firemen on the western railroads will be reopened next May with renewed vigor by the employees' brotherhoods.

New estimates were issued from the unions' headquarters asserting that the wage increases allowed by the federal arbitration board would be far less than originally figured, the engineers receiving but a little more than $300,000 and the firemen about $500,000 more annually.

Two St. Louis Realty Men Indicted.

St. Louis, May 3.—Charles C. Nicholls, president of the Nicholls-Ritter Realty company, now bankrupt, and Jesse T. Daniel, secretary of the Daniel Realty company, have been indicted for alleged real estate frauds. Nicholls is charged with the embezzlement of $7,000 from John B. Westermayer and Daniel is charged with selling a forged deed of trust to Dr. W. B Femm for $650.

Wilson Godfather of His Grandson.

Williamstown, Mass., May 3.—President Wilson became the godfather of his only grandson here and added to his duties by promising to safeguard the religious welfare of the child, the son of Mr. and Mrs. Francis B. Sayre. Immediately afterward the president left for Washington.

JOHN G. CAPERS
Prominent Washington Attorney, formerly Commissioner of Internal Revenue.

"The Best Tobacco Made"

Emphatic Statement by an Eminent Authority—Pipe-smokers, Read what John G. Capers Has to Say

"When I was Commissioner of Internal Revenue under Presidents Roosevelt's and Taft's Administrations, I had a great deal to do with tobacco. In the collection of millions of dollars of tax I came intimately into contact with the whole business. Tuxedo I consider the best tobacco made. I smoke it myself and find it soothing and restful, mild, fragrant and non-irritating to the throat."

John G. Capers

Mr. Smoker, that's evidence *straight from an authority* that Tuxedo is the top-notch smoke of them all. The tobacco that a famous Internal Revenue Commissioner chooses for *his own* smoke because he considers it the *best* tobacco made.

And remember this, men:—that's picking Tuxedo from a mighty big field; for between you and us and the account sheet, the Government collects $100,000,000 a year in revenues from tobaccos.

Mr. Capers is now a prominent and successful practising lawyer in Washington, D. C., and we are glad to include his name in Tuxedo's great list of friends. It's the same old story everywhere Tuxedo is tried: *Quality tells.*

Don't quarrel with your pipe and don't quarrel with your tongue. Take your tobacco troubles to good old Tuxedo!

Your pipe'll be sweet and your tongue'll be sound if you smoke Tuxedo. Tuxedo can't bite or blister. That's all taken out by the famous "Tuxedo Process"—the *original* process which the other brands like so well that they try to imitate it.

And you'll find the Internal Revenue Commissioner absolutely right as to Tuxedo's quality.

Tuxedo

The Perfect Tobacco for Pipe and Cigarette

Try Tuxedo for a week, and you'll know why Mr. Capers and thousands of other distinguished smokers say that it is "the best tobacco made."

Turks Drive French Back to Their Transports.

REPORT IS FROM ATHENS.

Germans Push Way Into Heart of Baltic Provinces—Thought If Teutons In Strong Force They Should Menace Russian Communications.

WAR SUMMARY

There has been little fighting in Belgium, and complete quiet along the British front. The French have bombarded the entrenched camp of Metz.

German forces are to the southeast of Mitau, capital of Courland, and their operations in the Baltic provinces seemingly have taken the Russians off their guard.

The Russian war office admits the occupation by the Germans of Shavali, in the province of Kovno; that German patrols have appeared near Libau, an important port in Courland on the Baltic sea, and that hostile torpedo boats have visited the Gulf of Riga.

Both Russians and Austrians claim successes in the Carpathians.

From northern Poland to the Carpathians the fighting, which has been retarded by inclement weather, has taken on a new vigor, and especial attention is directed toward the new German invasion of the Russian Baltic provinces, where the Germans claim to be making progress.

While no reports have come through from the Dardanelles recently, unofficial statements indicate that the allied fleet is carrying on a heavy bombardment.

Germans have been bombarding Dunkirk from the land side, and the Germans submarines after a considerable lull in their operations, have made a new raid on the west coast of England and Ireland and sunk three steamers.

Athens, May 3.—The French troops of the Dardanelles retired after a which landed on the Asia Minor side stubborn battle lasting two days.

It appears that the Turkish report that the Asiatic shore of the Dardanelles is free of the invaders was correct, the French having simly gone ashore there to make the landing of the British on the other side easier and, this accomplished, having been withdrawn, doubtless to land at some other points. News of these operations is awaited with the greatest interest as for the moment they are considered among the most important of the war.

London, May 3.—The Germans claim to have made an advance in their raid into the Russian Baltic provinces and, after defeating the Russians, to have reached the region to the southwest of Mitau, which is well on the road to Riga, and, if they are in strong force, they should prove a serious menace to the Russian communications. It is believed here, however, that the movement is nothing more than a raid, and the Russians profess not to be disturbed over it.

There has been no further bombardment of Dunkirk, which would seem to indicate that the Germans had only one big gun in position, and that the French airmen have made it so uncomfortable for the gun crew that it has been withdrawn. As a reply to this bombardment, the French have brought one of their big guns to bear on one of the forts in the south front of the fortress of Metz.

Along the rest of the western front attacks and counter attacks continue, but no battle of importance has developed out of them.

6,000 CANADIANS LOST

Over Fourth of Division Wiped Out In Battle at Ypres.

Ottawa, May 3.—Casualties among the Canadian contingent in the fighting at Ypres are now reported to have been nearly 6,000. Of these, 2,600 are reported missing, the missing being chiefly the Thirteenth and Fourteenth battalions of Montreal Highlanders, each 1,000 strong.

It is stated that 700 officers and men were killeld and 3,000 wounded. The totals thus given would indicate that more than one-fourth of the 21,600 men in the division were put out of action.

German Socialist Drafted Into Army.

Amsterdam, May 3.—The summoning of Carl Liebknecht, German Socialist leader, to serve in one of the landstrum regiments in French Lorraine, has excited much comment among his followers. Liebknecht is a member of the reichstag and is therefore exempted from military service while the imperial legislature is actually sitting, but his exemption ceases when the house adjourns, and the military authorities have decided that henceforth he must serve at the front for the whole period of each legislative adjournment. The purpose of this, Liebknecht's friends assert, is to keep him away from contact with other Socialists and under military discipline.

Special Meeting of Jap Lords.

Tokyo, May 3.—An extraordinary cabinet council met here this morning to consider China's refusal to accede completely to the demands of Japan.

BOUQUETS FROM THE PRESS

PLEASED WITH TREATMENT.

From the Landmark, Platte City, edited by Col. W. T. Jenkins.

We want it distinctly understood that both Platte City and Weston people came away perfectly satisfied in the strict fairness of the judges of the literary and track events and they have nothing but the highest praise for the Normal school officials and the good people of Maryville. Every kindness and courtesy were shown them, and all declare that Maryville cannot be beaten as hosts.

While in Maryville we had a pleasant surprise. We were introduced to State Senator Craig of Maryville, and in the course of the conversation we found that the senator and editor were schoolmates at Washington and Lee university some forty-three years ago. In fact, we boarded at the same place at the outskirts of Lexington for several weeks, when the senator moved to town and we became separated, to meet again at Maryville.

Maryville city and the Normal officials did everything they could to make things pleasant for the visitors.

At this meet that traitor, Brer Hull, toastmaster, also editor of the Maryville Tribune, and Et Tu Brute Jim Todd, editor of the Maryville Democrat, forced us to make a speech, and we "spoke a piece." Some day we are going to inveigle Hull and Todd to Platte City, and going to post the town boys. Todd is to begin his speech at 8 o'clock a. m. sharp, and close at 1:30 p. m. There won't be any intermission for dinner. We are now hardening ourself to stand the ordeal.
